### About MultiLit Literacy Centres

MultiLit, a research initiative of Macquarie University, offers proven programs to improve reading accuracy, fluency, comprehension and spelling, designed specifically for students who are reading at a level significantly below their peers.

Analysis has shown that students who have completed two-term programs at a MultiLit Literacy Centre made three to six times greater progress than they were typically making prior to receiving MultiLit instruction.

*"We were so pleased with the amazing results that the MiniLit program provided for our daughter, Lara. The teachers are professionals, showing genuine care and giving individual attention that has not only improved her phonological awareness and reading skills, but also improved her confidence and self-esteem."*
